The United Nations (UN) is an intergovernmental organization tasked with maintaining international peace and security, developing friendly relations among nations, achieving international co-operation, and being a centre for harmonizing the actions of nations. It was established after World War II, with the aim of preventing future wars, and succeeded the ineffective League of Nations.

United Nations - Wikipedia

The blood in Irish veins is Celtic, right? Well, not exactly. Although the history that used to be taught at school said the Irish were a Celtic people who had migrated from central Europe, the latest studies of Irish DNA tell us a very different story. Research done into the DNA of the Irish has ...
