#1. What is Nadcap? Nadcap (National Aerospace and Defense Contractors Accreditation Program) is an industry-managed approach to conformity assessment of 'special processes' that brings together technical experts from prime contractors, suppliers and representatives from government to work together and establish requirements for approval of suppliers using a standardized approach.

Nadcap Accreditation Frequently Asked Questions - Boeing

Recently I was asked to prepare a few notes on weld sequence for an owner-builder. What follows is the core of my notes about the final weld-up, using a large aluminum hull as an example. The following notes are also applicable to steel boats, though weld sizes will be much smaller and spacing will ...

Metal Boat Final Weld-up Sequence - Kasten Marine

Learning the way to weld may be as complex or as simple as you allow it to be. Essentially each welding employment will have distinct requirements including the stuff to be welded, the type of filler metal for the weld as well as the welding process itself.
