The fast-growing drink trend, called "boba," that originated in small tea shops from Taiwan during the 1980s has made its way across the Pacific Ocean to America and is gaining popularity rapidly.. But what exactly is boba? The boba (aka the tiny, chewy black balls at the bottom of the drink) is made from tapioca, which is a gluten-free starch extracted from the root of a cassava plant.

What the Heck is "Boba"? - Spoon University

We empower great leaders to realize the full potential of their businesses and to transform their industries.
