World history or Global history (not to be confused with diplomatic, transnational or international history) is a field of historical study that emerged as a distinct academic field in the 1980s. It examines history from a global perspective. It is not to be confused with comparative history, which, like world history, deals with the history of multiple cultures and nations, but does not do so ...

History of Europe - The age of revolution: During the decades of economic and social transformation, western Europe also experienced massive political change. The central event throughout much of the Continent was the French Revolution (1789-99) and its aftermath. This was followed by a concerted effort at political reaction and a renewed series of revolutions from 1820 through 1848.
