World History Human Legacy Review

World history or Global history (not to be confused with diplomatic, transnational or international history) is a field of historical study that emerged as a distinct academic field in the 1980s. It examines history from a global perspective. It is not to be confused with comparative history, which, like world history, deals with the history of multiple cultures and nations, but does not do so ...

History is a word of multiple meanings, all related to the past. When used as the name of a field of study, history traditionally refers to the study and interpretation of the written record of past human activity, people, societies, and civilizations leading up to the present day. More broadly, as explained in the 1911 Encyclopædia Britannica, "history in the wider sense is all that has ...

Romanticism and Realism The legacy of the French Revolution. To make the story of 19th-century culture start in the year of the French Revolution is at once convenient and accurate, even though nothing in history "starts" at a precise moment. For although the revolution itself had its beginnings in ideas and conditions preceding that date, it is clear that the events of 1789 brought ...
