The terms Muslim world and Islamic world commonly refer to the Islamic community (Ummah), consisting of all those who adhere to the religion of Islam, or to societies where Islam is practiced. In a modern geopolitical sense, these terms refer to countries where Islam is widespread, although there are no agreed criteria for inclusion. The term Muslim-majority countries is an alternative often used ...

Society and culture are similar concepts, but their scopes are different. A society is an interdependent community, while culture is an attribute of a community: The complex web of shifting patterns that link individuals together. Civilization, also, is closely connected to culture, and has often been used almost synonymously with culture. This is because civilization and culture are different ...

Eastern Europe is a grouping of countries on the European continent which has varying definitions, sometimes geographical in nature and sometimes more political. The term is often used to designate the European countries under (former) communist regimes. Their populations do not necessarily see themselves as Eastern Europeans, and many consider it a pejorative term.
