Voters And Voter Behavior Test

An independent voter, often also called an unaffiliated voter in the United States, is a voter who does not align themselves with a political party. An independent is variously defined as a voter who votes for candidates on issues rather than on the basis of a political ideology or partisanship; a voter who does not have long-standing loyalty to, or identification with, a political party; a ...

Types Compromising. Compromising (sometimes "useful vote") is a type of tactical voting in which a voter insincerely ranks an alternative higher in the hope of getting it elected. For example, in the first-past-the-post election, voters may vote for an option they perceive as having a greater chance of winning over an option they prefer (e.g., voting for an uncontroversial moderate candidate ...

One of the most prominent applications of survey research is election polling. In election years, much of the polling by Pew Research Center focuses on people's issue preferences, engagement in the election, opinions about the candidates, views of the campaign and voter preferences. Even in the so-called "off years," many of our polls include questions [...]
