ICNIRP are the International Commission on Non-Ionizing Radiation Protection. They issued guidelines on exposures in 1998. (In 2009 they issued a draft revision for consultation followed by new guidance in 2010). Importantly, their guidelines are not intended to be a complete system for protecting the public that should be applied in different countries as it stands.

John Archibald Wheeler (July 9, 1911 – April 13, 2008) was an American theoretical physicist. He was largely responsible for reviving interest in general relativity in the United States after World War II. Wheeler also worked with Niels Bohr in explaining the basic principles behind nuclear fission. Together with Gregory Breit, Wheeler developed the concept of the Breit-Wheeler process.

(2003-07-26) 0 Zero is a number like any other, only more so... Zero is probably the most misunderstood number. Even the imaginary number i is probably better understood, (because it's usually introduced only to comparatively sophisticated audiences). It took humanity thousands of years to realize what a great mathematical simplification it was to have an ordinary number used to indicate ...

That confused me for a while too despite my undergraduate physics degree. The trick is realizing it's not a "chain of CO₂ molecules". When a CO₂ molecule absorbs an infrared photon and starts vibrating it usually crashes into other air molecules which diffuses the energy.

Doubling CO₂ and basic physics | Clive Best

Answers in Genesis has often warned about the consequences of synthesizing evolution and millions of years into the text of Scripture since this not only affects how the early chapters of Genesis are interpreted, but it also affects the coherency and internal consistency of the biblical message of Creation, the Fall, and redemption.

Did the Fall Have Consequences on Creation? Romans 8:18-22 ...

David Ray Griffin, PhD – Professor Emeritus, Philosophy of Religion and Theology, Claremont School of Theology. Author/editor of over two dozen books, Prof. Griffin first questioned the 9/11 official story in 2003 while exploring a 9/11 timeline filled with reliable, verifiable facts suggesting a major cover-up. He then switched his focus from theology to 9/11 research.
