Some Perspective. The World-Class OEE figures are interesting and useful, but keep in mind that they have roots in a particular place (Japan), at a particular time (1970s), and in a particular industry (automotive).. The reality is that most manufacturing companies, even today, have OEE scores closer to 60%. We work with thousands of manufacturing companies, and we see more companies with OEE ...

Globalization is under attack in the West. The debate among pundits is no longer about whether globalization is to blame or not. It is about why globalization is now the bugaboo it has become. A common thread are changes, for the worse, in the economic and social standing of the Western middle class.

The New World Translation. What the Scholars Really Said : The Watchtower and Jehovah's Witness apologists have often cited scholars in support of the New World Translation in general, and particularly its rendering of John 1:1c ("and the Word was a god"). Scholarly citation is a form of an "argument from authority."
