Inside Practical Sailor Blog Do-It-Yourself Bird Deterrents. by Darrell Nicholson on May 01, 2019. As we found in our last major test of bird deterrents, there is no perfect solution for every bird problem, but we've come across one that seems to work well in the marina in Florida where we keep one of our test boats, an Endeavour 42 Lost Boyz owned by boat builder Robert Helmick.

### **Orca Offshore**

A couple of years ago, we told you about two companies that had developed what could be best described as Star Wars droid couriers. It seemed pretty niche at the time. Now we learn that there are more than a half-dozen startups offering delivery robot services, which seems to be part of a larger trend of retail automation involving artificial intelligence (AI) and robotics.

### **8 Delivery Robot Startups for Last Mile Delivery - Nanalyze**

Distinction from solubility. By an IUPAC definition, solvation is an interaction of a solute with the solvent, which leads to stabilization of the solute species in the solution. In the solvated state, an ion in a solution is surrounded or complexed by solvent molecules. Solvated species can often be described by coordination number, and the complex stability constants.

### **Solvation - Wikipedia**

A fastidious organism is any organism that has a complex nutritional requirement. In other words, a fastidious organism will only grow when specific nutrients are included in its diet. The more restrictive term fastidious microorganism is often used in the field of microbiology to describe microorganisms that will grow only if special nutrients are present in their culture medium.

### **Fastidious organism - Wikipedia**
