CPR-Effective November 1, 2015. A course in cardiopulmonary resuscitation must be completed prior to the scheduled orientation date. Students are required to provide documentation of the current professional-level CPR course.

Tri-C Nursing Program CPR Requirements

Myth: Proper CPR technique should include frequent use of “mouth to mouth” in between compressions. In fact, the 2010 guidelines set out by the American Heart Association (AHA) do not recommend breathing for someone while performing CPR (and not for your health, as you might think, but for the person experiencing cardiac arrest’s chances of survival).

CPR Does Not Require "Mouth To Mouth" - Today I Found Out

Coming in at #2 on our top 5 first aid tricks everyone should know list is CPR. This one seems obvious, but no first aid trick countdown should be without it. As the science behind resuscitation has become more advanced, the studies behind the techniques used have become more focused. The result has ...
