#### Home Phones - Cordless Phones - DECT & IP Phones | JB Hi-Fi

Think about how many handsets you need. If you live in a small house or apartment, a single handset will probably suffice. However, many people like to have at least two, especially in a home with more than one story, so they don't have to run up or down the stairs when they hear the phone ringing.

#### 5 Best Cordless Phones - May 2019 - BestReviews

The traditional office/home phone is on the decline in the U.S., appearing in less than half of all American households. However, there's still a case to be made for the office/home phone: studies show that landlines have a superior voice quality than even the best cell phones.
