Emmanuel A. Sarsah, Felix A. Uba. Abstract: In grading students' scores, tutors in Ghana often use spread sheet programmes for this purpose. This approach is subject to errors (in the case where a student score is mistakenly entered as being greater than the total mark) and involves more manual work by tutors after entering students' raw data - marks and grades have to be copied to a word ...

Table 1 shows the areas and the security controls identified from the ISO 27799 (prefix 7 refers to Chapter 7 of the standard, in which these concepts are detailed), along with the questions formulated to consider each security control. Security controls define what is required in terms of information security in healthcare but not how these requirements are to be met.
