S ervice catalog variables can be a challenge to deal with on standard forms when they are displayed in a variable editor. I've written before about different ways that you can solve one of these challenges...making the variables read only, so that they can't be modified after the initial submission through the service catalog interface.

Hide Empty Variables on a Standard Form - ServiceNow Guru

Inside Active Directory is a 1248-page book about the architecture, administration and planning of Active Directory. The target audience is a current NT professional, but also a current Windows 2000 or Windows Server 2003 professional will learn more than a few things from this book.
